

RESOURCES TO LEARN AND ACT

As Alpha Phi, we expect our members to live up to our high ideals and to show the best qualities of character by being fair, inclusive and supportive. Racism, hate, bigotry and violence are in complete contradiction with our purpose.

Over the past few days we have heard from many of our chapters that they want to learn more and take action to demonstrate a commitment to being actively anti-racist. To support you in this, we are providing this list of resources for our sisters who are looking to step up individually or as a group to support their communities.
